feeding accessories

Made in USA

Buddy System Group Hutch

NEW

Stress can be detrimental to calf health and growth. Our Buddy Hutch has all the same features as our Group Hutch, but has been modified for paired newborn calves to reduce stress and improve overall health. Benefits of paired housing include:

- **Reduces weaning distress**
- **Faster weight gain**
- **Promotes solid feed intake and increases socialization**
- **Minimizes cross-suckling by using the Milk Bar Feeder, a slow feeding system**

BUDDY SYSTEM GROUP HUTCH AGRI-4060

Outside Dimensions

90" L x 106" W x 79" H
229 cm L x 269 cm W x 200 cm H

Inside Dimensions

81" L x 100" W x 75" H
296 cm L x 254 cm W x 191 cm H

Weight

250 lbs./ 113 kg

Includes: Buddy Hutch, two 6' Side Panels, one Double HD Front Panel with four Pail Rings and four Pails

Newborn Calf Modifications include a lower door height that keeps drafts at bay, a rear door grid guard keeps calves secure, multiple vents for optimal ventilation and a truly opaque design.

Swing-Up Rear Bedding Door makes it easier to add bedding, facilitating cleaner housing and healthier calves.

Ridge Ventilation with a Grill Vent in the front and a Rear Top Rotary Vent you can use to control the airflow.

Molded In One Piece for superior strength that will withstand tough conditions. Our group hutches have no seams, no rivets and no points of weakness.

Integrated Poly Skid will not freeze to the ground the way wood skids do.

At Agri-Plastics, we stand behind our hutches.

With a 10-year limited warranty, they are the only serious choice.
